From the Director's Desk

We are excited to invite you to participate in the upcoming placement process for our MBA students in Shipping and Logistics at Gujarat Maritime University (GMU). Our MBA programme is designed to prepare students for leadership roles in the dynamic and ever evolving maritime industry, and we are confident that our graduates will be valuable assets to your organization.

As I introduce you to the second batch of GMU's MBA programme, I am feeling a sense of pride and honor to be a part of an institution that was conceived by an idea that our then Chief Minister of Gujarat and now India's Hon'ble Prime Minister, Shri Narendra Modi had of establishing Gujarat's first and one of a kind university catering to Maritime studies. We are thrilled to have concluded another batch of our MBA programme at GMU with such talented, committed, and hardworking students.

Our faculty are equipped with latest industry knowledge backed by years of experience to help our students understand the maritime sector better and be industry ready as they graduate. We are fortunate to have an able pool of faculty and industry experts who are committed to ensure our students learn and master valuable skills that enables them to succeed wherever they go.

Our MBA programme is tailored to meet the needs of the industry, providing students with a comprehensive understanding of the latest trends, technologies, and best practices in the field. Our experienced faculty members bring a wealth of industry experience to the classroom, and our students have the opportunity to gain practical experience through internships and other hands-on learning opportunities.

We would be honored if you would consider recruiting our graduates for your organization. We are committed to working closely with you to ensure that the placement process is as smooth and efficient as possible, and we will do our best to accommodate your specific needs and preferences.

We look forward to hearing from you and thank you for your interest in our MBA programme and our students.

- Prof. (Dr.) S. Shanthakumar
Director, School of Maritime Management

Vision

To be global center of excellence in maritime education, research and development, professional training with an aim to enhance the capacity of maritime industry both in India and across the globe.

Mission

- To provide world class education focused on areas across the value chain of the maritime industry
- To empower students to excel in global maritime industry through an interdisciplinary approach to learning
- To address the challenges of the industry and encourage innovation through cutting-edge research and collaboration with industry
- To serve the global maritime community by producing educated and well trained individuals

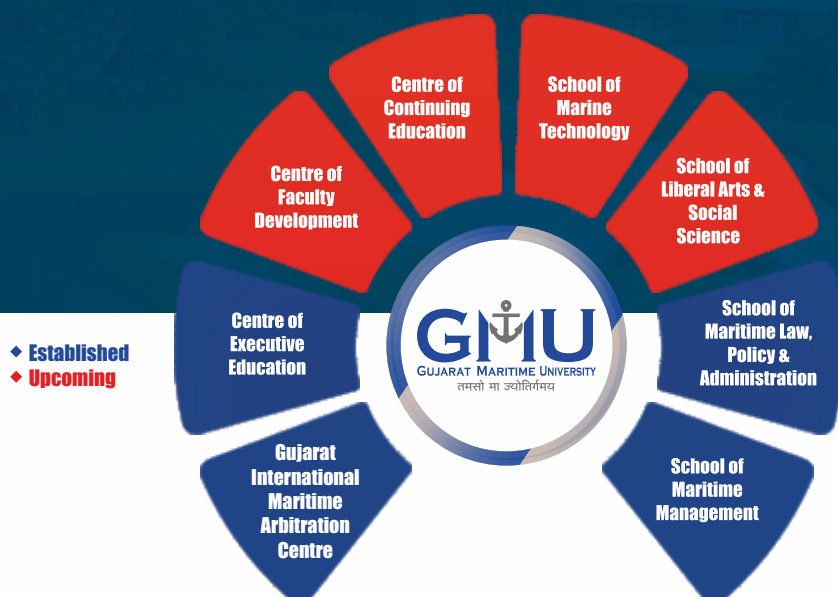

Gujarat Maritime University A Bird's Eye View

The Indian Maritime sector has been consistently exhibiting strong growth and is slated to be the maritime market of the future. The establishment of Gujarat Maritime University (GMU) is an endeavor by the Gujarat Maritime Board to provide a fillip to this growth by bridging the knowledge gap within the industry.

The Gujarat Maritime University has been established under the Gujarat Private Universities Act, 2009. The prime objective of the University is to become a global hub for maritime education, research, and development, as well as professional training. Its objective is to improve and expand the human resource capabilities of the maritime industry in India and the world.

In the first phase, the University has started offering Masters and Post Graduate programmes catering to the commercial aspects of maritime value chain like maritime law, maritime management, international trade law, logistics, just to name a few. The university has also started offering short-term certificate courses and executive diploma programmes for professionals in collaboration with foreign partners and institutions such as Erasmus UPT, STC International, Indian Institute of Management (Bangalore) etc. Going forward, there would be other programmes also that would be offered by the University as part of phase one.

The second phase will focus on technical and liberal arts disciplines in the maritime sector.

Maritime Education is not merely
the compass by which we navigate
the oceans, but the sails that propel us
towards economic development

Governing Body

The Governing Body of the university is represented by senior Government officials, top industrialists and top academicians.

About School of Maritime Management

The School of Maritime Management at GMU, heralded as the second school to be established, has been making waves since its inception. This prestigious institution commenced its academic journey by launching a two-year full-time residential programme in the year 2020-21, a flagship course entitled "MBA in Shipping & Logistics."

This pioneering course has been crafted by the Copenhagen Business School (CBS) Executive, which is globally renowned for its distinguished "Blue MBA" programme. The School of Maritime Management at GMU takes great pride in grooming management professionals who are highly skilled and capable, with the ability to drive the modern "Blue Revolution" in India.

Through the MBA in Shipping & Logistics programme, students acquire in-depth knowledge of the maritime industry, including the principles of shipping management, logistics, supply chain management, port operations, and maritime law. The comprehensive curriculum is delivered by seasoned industry experts, who ensure that students are equipped with practical skills and knowledge that is relevant to the contemporary world.

The School of Maritime Management at GMU is a beacon of excellence, offering a dynamic learning environment that fosters innovation, creativity, and critical thinking. By imparting quality education and training, this institution empowers the next generation of leaders in the maritime industry, who will shape the future of the blue economy in India and beyond.

Pioneering the Path: Cultivating Future-Ready Maritime Management Professionals

- The Indian maritime sector is undergoing comprehensive transformation, fueled by government-driven endeavors such as the Sagarmala Project and the Major Ports Authority bill. This evolution is poised to unlock unprecedented opportunities for advancement, necessitating an influx of adept management professionals to steer the expansion effectively.
- In response to this flourishing demand, GMU's MBA programme has devised a curriculum that bridges the maritime sector's skill gap and readies students for Industry 4.0 by offering an array of continuous learning prospects to enhance their expertise.
- The programme boasts a nurturing learning atmosphere, cutting-edge infrastructure, top-notch amenities, experienced educators, and collaborations that expose students to a variety of settings. These elements collectively foster the growth of management professionals possessing highly sought-after competencies.

Current Programmes offered

MBA - Shipping and Logistics
Ph.D. - Financial Management
Ph.D. - Human Resource Management

Future Programmes planned

MBA - Ports and Transportation
MBA - Shipping Trade & Finance
MBA - Maritime HR Management
MBA - Marine Tourism
PGPX - Maritime Management
BBA - Maritime Management

Other Schools & Centres @ GMU

About School of Maritime Law, Policy & Administration

The domain of practicing law is a highly sought-after career profession in India with high number of law graduates entering the job market each year. However, the distinctive nature of the growing Maritime Sector demands an exclusive line of professionals to deal with maritime law. GMU, in cognizance of this demand, started the School of Maritime Law, Policy & Administration (SMLPA).

A typical professional in maritime law would need to be geared up to face challenges of working across legal spheres of national and international geographies, have a sound understanding of other branches of laws influencing the maritime sector and be capable of providing time-bound legal advice with utmost precision and accuracy.

In order to cater to the increasing demand for this niche skillset, GMU's SMLPA aims to offer programmes focused on law, policy and administration in the maritime and shipping domain. Through these highly niche and sector specific offerings, the students have a unique opportunity to pursue a specialized curriculum using rich educational resources drawn from across the globe combined with the dynamic and creative learning environment at GMU.

GMU's SMLPA is being handheld by the Gujarat National Law University, which houses the transitory campus of GMU within its premises. GMU and GNLU also collaborate on a number of university level activities.

Centre of Executive Education

Gujarat Maritime University's Centre of Executive Education (CEE) offers programmes tailored for maritime industry professionals seeking to enhance their leadership and management prowess. Crafted and instructed by a global executive education faculty, these courses has been endorsed by Gujarat Maritime Board and the foreign universities with which it collaborates. CEE collaborates with esteemed international institutions such as Erasmus UPT and STC International to deliver courses relevant to the industry. This alliance seeks to facilitate knowledge exchange between Gujarat and Rotterdam, Europe's Maritime Capital. Catering to professionals across various seniority levels, the programmes encompass a diverse array of functions within the maritime industry.

LLB (5 Years)

Campus

State-of-the-art Infrastructure

Gujarat Maritime University's transitory campus is situated within the prestigious Gujarat National Law University (GNLU) grounds, a leading law university in India. Spanning 50 acres, this expansive campus is dedicated to minimizing its environmental footprint by integrating sustainable practices in every facet of campus life and operations. The verdant surroundings create an idyllic learning haven, cherished by all inhabitants.

The campus boasts contemporary facilities and cutting-edge technology, ensuring an exceptional learning environment for students. The institution features state-of-the-art classrooms with multimedia equipment and modern furnishings, well-equipped conference rooms with video-conferencing capabilities, a round-the-clock library, and a computer lab with up-to-date system, software, and databases. Each classroom is outfitted with multimedia projectors, audio systems, and computers.

Gujarat Maritime University (GMU) is in process of the development its permanent campus in GIFT City, Gandhinagar, Gujarat. This planned campus will span 20 acres and include top-notch infrastructure and amenities, such as modern classrooms, well-equipped labs, a comprehensive library, and recreational facilities for students. The campus will also house dedicated hostels for students, offering separate accommodations for male and female residents. GMU's new GIFT City campus will adhere to the highest standards of safety and sustainability, featuring energy-efficient systems and eco-friendly building practices. The campus's proposed location in GIFT City will grant convenient access to the city's various business, financial, and technological centers, making it an unparalleled site for students pursuing maritime industry careers.

Library

GMU students enjoy complete access to the sprawling GNLU library, spanning four floors and seating 300 people. The library features an extensive collection of over 43,000 books, reports, and subscriptions to 150 print journals, newspapers, reference materials, and e-books. Beyond law and management resources, the GNLU library houses a vast assortment of literature on associated topics, including international trade law and maritime law.

Holistic Syllabus

MBA-Shipping and Logistics

GMU has crafted the MBA in Shipping and Logistics programme with a view to creating exceptional industry specialists. The programme's design is modeled on global management education standards, tailored to meet industry demands. To ensure the programme's superior quality, GMU has partnered with the distinguished Copenhagen Business School-Executive.

GMU's Partnership with
CBS Executive - Forging a
Programme of Worldwide Acclaim

Copenhagen, where CBS Executive is headquartered, is a hub of the global shipping and related industries, renowned for its expertise in the field.

The BLUE MBA programme, offered by the Copenhagen Business School, is widely acclaimed in the global maritime sector and is one of the most impeccably designed and executed courses for management professionals.

CBS Executive is a pillar of the esteemed Copenhagen Business School, recognized for its world-renowned "BLUE MBA" in Shipping and Logistics.

GMU's pioneering MBA in Shipping and Logistics, the first of its kind is modeled on the famed MBA programme offered by CBS Executive, a testament to the exceptional quality of GMU's curriculum.

Course Structure

SEMESTER-1

- Financial Statements and Analysis
- Introduction to Global Maritime Sector
- Law for Managers
- Managerial Communication
- Managerial Economics
- Operations Research Models
- Statistics for Management
- Organizational Behaviour
- Spreadsheets and Data Visualization

- Law for Maritime Managers
- Digital Technologies for Maritime Sector
- International Trade
- Logistics and Supply Chain Management
- Maritime Human Resource Management
- The Blue Economy
- Financial Management
- International Business Communication
- Marketing Management

SEMESTER-3

- Law of the Sea
- Management of Shipping Companies
- Maritime Infrastructure and PPP
- Maritime Insurance and Risk Management
- Port Management
- Services Marketing for Maritime Managers
- Ship Building and Breaking
- Strategic Management
- Master's Thesis I
- Summer Internship Project

SEMESTER-4

- Innovation and Entrepreneurship
- Liner Trade and Multi Modal Transportation
- Safety and Environment Management in Shipping
- Shipping Finance
- Master's Thesis II

*Including an Optional Two-week Global Externship Programme at Erasmus University, Rotterdam, Netherlands

Industry Exposure

On-Site Port Experiences - A Practical View into the Shipping Industry

In addition to the industry-oriented curriculum, students at GMU are provided adequate industry exposure through frequent visits to various ports on the Gujarat coastline.

As a vital component of the MBA in Shipping and Logistics programme, Gujarat Maritime University offers its students port visits, a unique opportunity to gain hands-on exposure to the shipping industry and witness the inner workings of ports in action.

These visits enable students to observe cargo handling processes, port management operations, and gain a first-hand understanding of the challenges faced by the industry. By immersing themselves in the daily activities of a port, students develop an enhanced understanding of the intricacies of the shipping and logistics sector, an invaluable skill as they embark on careers in this field.

Internships

Gujarat Maritime University (GMU) is supported by the Gujarat Maritime Board (GMB), the regulatory agency overseeing non-major ports in the state. GMB has been at the forerunner of privatization models and collaborates closely with renowned private partners in the maritime industry.

GMU is committed to supporting its students in securing valuable internship opportunities by utilizing its partnerships with GMB and other industry stakeholders. The university endeavors to offer its students top-tier internships in their preferred sectors of interest, providing them with a competitive edge in the job market.

International Exposure Through Global Externship Programme

As part of the optional curriculum, students are presented with a unique opportunity to spend a portion of their second semester at Erasmus University in Rotterdam, providing them with international exposure while pursuing their programme. Erasmus University is a globally esteemed institution, consistently ranked among the world's best and a pioneer in maritime education and research. Based in the Netherlands, home to some of the world's most advanced ports, Erasmus University is the ideal destination for students seeking to expand their horizons.

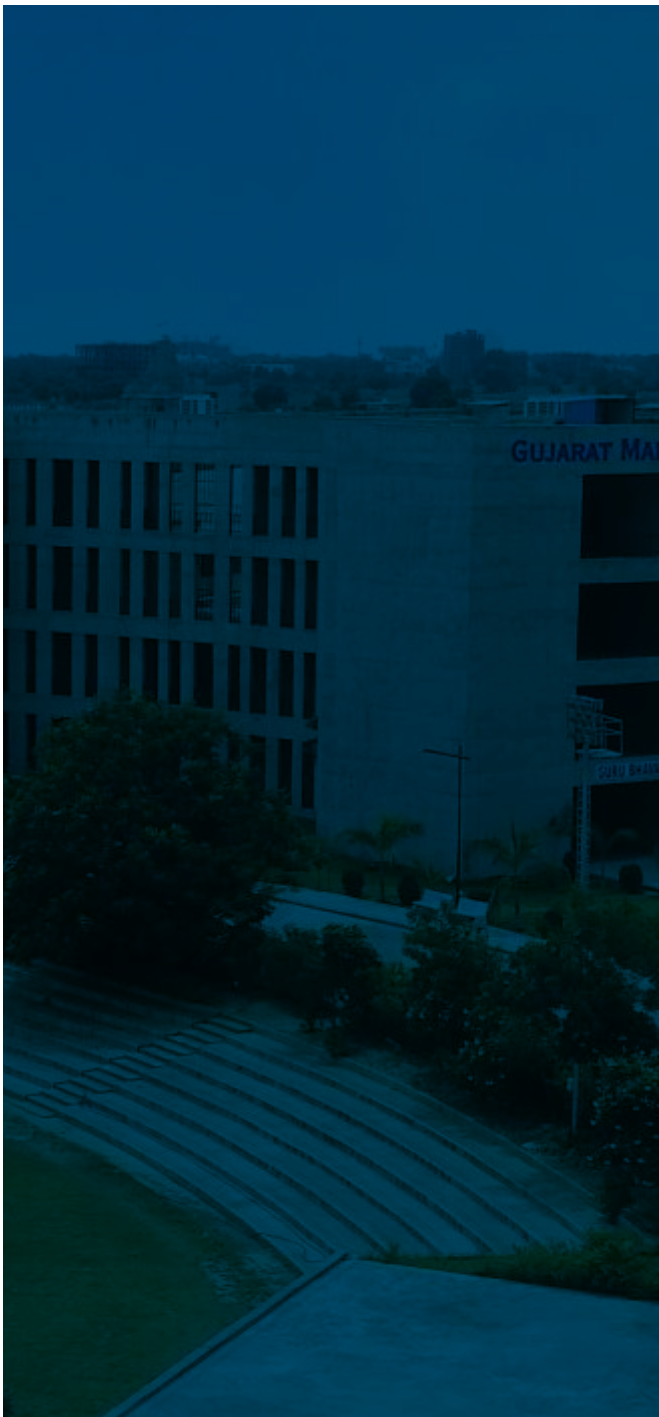

The International Study Tour encompasses classroom instruction combined with gamified learning and off-campus activities such as port and shipyard excursions, visits to some of the world's most sophisticated ports, and more.

Our Faculty

The Pillars of Our Institution

Our faculty at Gujarat Maritime University is fully committed to nurturing our students' capabilities to the fullest and instilling a culture of excellence in the classroom. Serving as exceptional mentors, guides, and motivators, they encourage students to explore all that the maritime industry has to offer. With a collective wealth of experience and expertise, they provide students with valuable insights and knowledge, utilizing state-of-the-art facilities both inside and outside the classroom.

Working in tandem, they create the best learning content and present it in an easily understandable manner, giving students the best opportunities to shape their careers in the maritime industry. The teaching at GMU combines lectures, tutorials, practicals, and case studies, all designed to be relevant and applicable to real-world job roles in the industry.

Our faculty members prioritize our students' success and development, going above and beyond to ensure they are fully engaged in their programmes and on track to achieve their goals and aspirations. Our open-door policy fosters easy communication and accessibility for students to discuss academics, learning, and extracurricular activities with our faculty members. Together with our staff and research professionals, our faculty members have fostered a dynamic community focused on learning and personal development.

Leaders in their respective fields of expertise, our faculty members have played vital roles in national and international organizations, policy-making, and industry bodies. They have held prestigious positions in industry, academia, and government and received numerous awards and accolades for their contributions. Our faculty is a valuable asset, the pillars of our institution, who continuously inspire our students to strive for excellence.

Profile of Director

Prof. (Dr.) S. Shanthakumar

PhD. LL.M, LL.B
Director, SMM & SMLPA
Gujarat Maritime University
&
Director
Gujarat National Law University

Prof. (Dr.) S. Shanthakumar is the Director of Gujarat National Law University, with nearly three decades of teaching experience at esteemed universities, including Hidayatullah National Law University. He is an alumnus of Madras University, Chennai, where he earned his graduation, post-graduation, and doctorate degree in law. Before joining the legal academia, he practiced at the Madras High Court for seven years.

He specializes in Environmental Law, Human Rights Law, International Law, and Constitutional Law. He has authored three books on Environmental Law and two books on Human Rights Law, published by renowned publishers like LexisNexis, National Law School of India University (CEERA), Tamil Nadu Dr. Ambedkar Law University, and others. Dr. Shanthakumar has also published numerous research articles on contemporary legal issues in various national and international journals and edited volumes.

He has presented papers and delivered keynote addresses in several national and international conferences in India and abroad. Recently, he was elected to represent South and West Asia at the IUCN Academy of Environmental Law.

Currently, Dr. Shanthakumar serves as the Chair of the Environmental Law Study Group of the International Association of Law Schools and a member of the Teaching and Capacity Building Committee of the IUCN Academy of Environmental Law. He is also the Country Focal Point for India for the Asian Development Bank project on Environment and Climate Change Law.

Dr. Shanthakumar has executed various prestigious projects, including the Environmental Law Capacity Building Project funded by the World Bank through CEERA, NLSIU, and the Law Teaching and Legal Research Skills Project of the British Council and Cardiff University, U.K. He is the recipient of several prestigious awards, including the Environmental Law Champions Development Award from the Asian Development Bank, Philippines, and the Best Social Scientist Award from the Indian Society of Criminology. He has extensively traveled around the globe and has been invited to deliver lectures at several premier universities in various countries.

Profile of Professor Emeritus

Professor G. Raghuram

BTech from IIT, Madras;
PGD in Management from IIM-A; and
a PhD from Northwestern University, USA.
Prof. Emeritus, Gujarat Maritime University,
Former Director, IIM Bangalore

Professor G. Raghuram is an internationally recognized academician in the fields of infrastructure and transport systems, logistics, and supply chain management, with a distinguished career spanning over 45 years. He holds a Doctoral Degree from Northwestern University, USA, a Postgraduate Diploma in Management (PGDM) from IIM Ahmedabad, and a BTech degree from IIT Madras.

Since 1985, Prof. Raghuram has been a faculty member at IIM Ahmedabad, where he has served as the Dean (Faculty) and the Chairperson of the Public Systems Group. He has also held various leadership positions, including Vice-Chancellor of the Indian Maritime University and the Indian Railways Chair Professor. From 2017 to 2020, he served as the Director of IIM Bangalore.

Prof. Raghuram's research on transport sectors such as shipping, ports, railways, aviation, and road is widely recognized and has resulted in over 35 papers published in refereed journals, over 160 case studies written, and six co-authored books. He has coordinated over 60 programmes and has taught in over 200 executive programmes as a guest/visiting faculty in more than 25 institutions in several countries, including India, USA, Canada, Yugoslavia, Singapore, Tanzania, and UAE.

In addition to his academic achievements, Prof. Raghuram has provided consultancy services to over 100 organizations, including multilateral agencies, and has served on various government policy-making and advisory committees for the Ministry of Civil Aviation, Ministry of Consumer Affairs and Public Distribution, Ministry of Railways, Ministry of Road Transport and Highways, Ministry of Shipping, Cabinet Secretariat, Comptroller and Auditor General, the Planning Commission, and various State Governments.

Prof. Raghuram's contributions to the fields of logistics and infrastructure have been recognized with numerous awards, including the 'Life-time Achievement Award' for Transport Excellence, the 'MC Puri Memorial Award' for contribution to Operational Research in India, the 'Lifetime Achievement Award' for contribution to Logistics and Infrastructure, and the 'Academician of the Year' award by the Chartered Institute of Logistics and Transport.

Prof. Raghuram's expertise is sought after by various organizations. He currently serves on the Board of Directors of three companies in the fields of infrastructure and logistics. He is also on the Board of three educational institutions, one NGO, and on the Advisory Board of a few other educational institutions.

Batch Profiles:

MBA Batch of 2021-23

GMU is dedicated to uniting students from diverse backgrounds across the country and guiding them towards their desired career paths. The MBA batch from 2021 to 2023 is a testament to this commitment, featuring graduates from all over the country with a wide range of cultural, linguistic, and academic backgrounds. By fostering an inclusive and supportive learning environment, GMU bridges the difference in culture, state, tradition, language, and degree courses among its students.

Student Profile

Name : Abhishek Srivastav
Email ID : abhishrivastav4070@gmail.com
Graduation Degree & Year : Bachelor of Commerce (Hons.)
(Year-2018-2021)
Graduation College/University : Vikram University, Ujjain

Summer Internship Details

- **Internship Title** - Public private partnership (PPP) in Indian Ports
- **Name of the Company** - Gujarat Maritime Board, Gandhinagar

Work Experience

- Fresher

Other Trainings/ Achievements:

- Completed online certification course - Warehouse Management: Inventory, Stock, and Supply Chains

Name : Biplav Kumar
Email ID : beeprevolution@gmail.com
Graduation Degree & Year : Bachelor of Engineering - Mechanical
(Year-2011-2015)
Graduation College/University : Rajiv Gandhi Proudyogiki Vishwavidyalaya (RGPV), Bhopal

Summer Internship Details

- **Internship Title** - Finding delays of Rubber Tire Gantry Crane
- **Name of the Company** - Adani Port & SEZ, Mundra

Work Experience

- Mechanical Engineer - R. B. Electricals & Mechanical Works (August 2017- March 2020)
- Field Service Engineer - Volvo Eicher Commercial Vehicle Pvt. Ltd. (Jan 2021- Aug 2021)

Other Trainings/ Achievements:

- Certificate course in Supply Chain Management from Coursera

Name : Dhairy Patel
Email ID : dhairy Patel33@gmail.com
Graduation Degree & Year : Bachelor of Commerce
(2018-2021)
Graduation College/University : GLS University - Ahmedabad

Placement Procedure

The recruitment procedure at SMM is conducted and managed by Internship & Placement Cell of the Gujarat Maritime University.

If the recruiters wish to, they can conduct a pre-placement meeting with the students to provide information about the organizations, the jobs profiles being offered, terms and conditions and any other relevant information. This will be followed by a question and answer session, wherein student committee members can put forth their queries, if any, concerning the organization, job description and roles being offered. The recruiters are urged to indicate their preferred dates for such meetings/presentation either by e-mail or telephonic conversation a week prior to their arrival.

The applications for prospective job profiles will be invited and recruiters will be provided with the resumes of interested students for perusal by the Internship & Placement Cell.

Once the applications of the students are sent across, the recruiters may shortlist candidates suitable for their organization and inform the Cell, following which, necessary arrangements for a personal interview or a group discussion shall be made within a week, as per the requirements of the recruiter. Recruiters are advised to opt for interviews via audio / video-conferencing, and the Cell shall facilitate the arrangements for the same, as and when required. In case, the recruiter schedules any other date, it has to be conveyed to the Cell immediately. In case the recruiters do not want to conduct a pre-interview screening, the resume(s) of interested and eligible students shall be provided to them, before the final interview

The recruiter can make the final offer to the candidate after completion of interview(s). A valid offer should ideally include all the relevant information such as the date of appointment, designation or role, location, remuneration and other relevant information and terms and conditions of the employment.
